## Overview of approved Porsche A40 engine oils (04/12)

**Model year:**

**as of 1984**

**Vehicle Type:**

**All Porsche vehicles for which Porsche A40 engine oils are allocated.**

→ 170100 Allocation of approved engine oils (25/11)

**Overview:**

### Information

We have reached an agreement with the mineral oil companies, which involves setting a time limit on the validity of our engine oil approvals. The period of validity is between 2 and 3 years. The expiration date of the approval is given in the last column in the list. Once this validity period has elapsed, the approval in question is revoked unless an extension is requested by the relevant manufacturer.

#### Miscibility:

All engine oils approved by Porsche can be mixed provided they are of the same Porsche oil specification. This means that it is not necessary to flush the engine when the oil is changed if another type of oil is used. However, since every brand of oil has a specially adapted unique composition, the same brand and type of oil should be used for topping up between oil change intervals if possible.
